JOHN JACOB ASTOR

He Was in Paducah Yesterday Afternoon Late Enroute South.

Rode as an Ordinary Passenger, and Did Not Run the Engine, as He Often Does.

RAILROAD OFFICIALS PASS THROUGH

Yesterday afternoon Paducah was honored with a visit from Col. John Jacob Astor, the millionaire and railroad magnate, and President Stuyvesant Fish and Second Vice President J. T. Harahan, of the I. C., and several other directors of the road.

Colonel Astor arrived on the early Louisville train, having missed his connection with the special train which brought the others here, at Louisville.

President Fish and Mr. Harahan arrived on a special about two o'clock and were followed at 3:30 by Colonel Astor who will join them at Memphis.

Mr. Harahan passed up from Memphis several days ago to meet the party and intended returning through Thursday but was delayed by the absence of Colonel Astor, who finally through a slight delay missed his connections again. The trip is a regular inspection tour, mainly, it is reported, to inspect the washout district, where so much trouble has been caused of late by the heavy rains.

Colonel Astor, who is an engineer and who generally handles the engine whenever he makes an overland trip, did not run the engine this time contrary to his usual custom but rode as an ordinary passenger. The party waited here long enough to change engines and left as soon as this was accomplished.

Superintendent W. S. King, of the Tennessee division, Roadmaster P. Laden and Trainmaster Dwyer, of the Fulton district, were all in the city yesterday having come up to meet the president's special and accompany it to Felton.

Superintendent H. R. Dill and Trainmaster T. A. Banks were also in the city yesterday with the president's special and yesterday was one of the busiest days in railroad circles about Paducah in many months.

Chief Engineer W. J. Harahan, of the I. C., arrived in the city today at 12:45 on the through passenger in his special coach. He has been south inspecting the washout district and comes back to finish the business he was formerly on, i. e., the Cairo branch of the I. C. When he left his departure was rather hasty and all the business was not transacted. He will probably be in Paducah a day or two.

ANOTHER CRUSADE

Minister Called on Mayor Yeiser at City Hall This Morning.

Asked About the Enforcement of the Sunday Law and Other Regulations.

MAYOR EXPLAINS ORDERS TO POLICE

It is possible that there may be another crusade against vice in Paducah in the near future. This morning a prominent minister who is a member of the Ministerial Association called on Mayor Yeiser at the city hall, and in a pleasant conversation, asked about the enforcement of the laws, and if the fines against saloonkeepers for keeping open on Sunday could not be made larger under the second class charter.

Mayor Yeiser informed him that as to the enforcement of the law he knew nothing except what orders the police had, and that as to the fine, he was not familiar with the penalties prescribed, and would have to see the city prosecuting attorney. The minister left and also had a conference with County Attorney Graves.

Mayor Yeiser stated to a reporter subsequently that the police had orders to strictly enforce all laws, without fear or favor. That they were expected to treat all alike, and in no instance arrest a man because they didn't like him, or not arrest a man because they did like him. They must not discriminate, must treat everybody alike, and in every instance use discretion. These are the orders the police have been given, the mayor declared, and so far as he knows the police are carrying them out.

RUMORS OF CHANGES.

It is Reported Superintendent Wallace Will Not Return.

Mr. H. R. Dill Slated for His Place—Promotion for Trainmaster Banks.

Just now there are some interesting railroad rumors flying about. It is reported on good authority that Superintendent H. U. Wallace, of the Louisville division of the Illinois Central, who was this week taken to Chicago for his health, will not return to this division, but will be given something better in Chicago, as Former Superintendent Harahan was.

Acting Superintendent H. R. Dill, whose present position is assistant superintendent of the Evansville district, will succeed Mr. Wallace, and Mr. T. A. Banks, the popular trainmaster, will get Mr. Dill's place as assistant superintendent of the Evansville district.

Mr. R. S. Barrick, at present local yardmaster, is talked of as a successor to Trainmaster Banks. Messrs. Dill and Banks have been in the employ of the Illinois Central for several years past, and are capable, popular men, while Mr. Barrick came here a few months ago from the Wabash.

At present the rumors cannot be confirmed, but the announcement of the changes would not be a very great surprise.

WANT AN OFFICER.

RESIDENTS OF WORTEN'S ADDITION CLAIM THEY ARE WITHOUT PROTECTION.

The residents of the Worten addition to the city are complaining of the failure of the mayor to appoint a police to patrol that section of the city during the night.

The petition to the council was signed by 100 residents and the council passed favorably on the matter but as yet there has been no appointment. Of late there have been many chicken thefts in that locality and a horse was stolen several weeks ago. Petty thefts of all descriptions are reported and the officer's appointment is now considered an absolute necessity.

WEEK'S NEWS IN THE BUSINESS WORLD.

Clearings this week, \$632,912. Same week last year, \$508,813. Increase, \$124,099.

The clearings this week show a big increase over the same week last year. Tobacco is moving freely and brings out a lot of money. The Ayer and Lord Tie company, of Chicago, paid out about \$45,000 for ties this week which went to increase the clearings. Deposits are holding up very well and bank earnings are about on a par with last year.

Wholesale trade in very near all lines is good. The dry goods houses, the grocery men, the hardware and harness and saddle houses are having fine trade. The conditions in the south have improved somewhat in the past three or four weeks and business in that section is picking up. The local brokers are doing a big business, one man reporting his sales double last year's. Collections are very good. Commission and grain houses report very satisfactory business.

Retail trade is good with every one, no complaints are heard. The farmers are spending more money than they have for some time and all lines feel the impetus. The hardware stores have had good trade on retail lines the past two weeks, the buggy houses are having good business and the furniture stores report some very fine sales.

The sale of the interest of Paducah stockholders in the Paducah Coal and Mining company properties was the biggest deal in the history of the city, amounting in total to \$400,000. This will bring foreign money into the hands of local men and have a tendency to make money easy, and prompt substantial improvements in Paducah properties.

The building trade is awaiting the settlement of the differences between the contractors and carpenters and very little work is being done.

Local factories are working full time and full force, and report big bookings of orders.

RUSHED WITH WORK.

EVERY DAY IS A BUSY DAY AT THE I. C. SHOPS.

Mr. Chas. Collins has accepted a temporary position in the local master mechanic's office, I. C., and went to work this morning. This department is rushed always at this time of the year, as all the mechanical work of the road is on the increase and an extra force of clerks is required to keep up with the work, as it is brought in and discharged. The mechanical department of the I. C. presents a very busy appearance at present and the shops are crowded with work. The two small engines recently bought with the Kentucky and Western road were today run into the shop for repairs which will about fill all the stalls.

TWO WEDDINGS.

COUPLES IN THE COUNTY WILL MARRY TOMORROW.

Mr. Fred Smith, an employee of the Langstaff-Orme mill, aged 24, and Miss Pearl White, of the county, aged 18, were this morning licensed to wed. The marriage will take place tomorrow.

Fred Adkins, aged 20, of the county, and Lucy Lay, of the county, aged 17, were this morning licensed to wed. The date set is for tomorrow.

THE POOR INDIAN SUFFERING.

Phoenix, Ariz., April 5—Twenty thousand Indians are reported suffering from famine. It is claimed that white ranchers have diverted the water in such a way that the Indians have had practically none for several months.

POOL ROOM OPERATORS HELD.

Lexington, April 5—Judge Bullock today held Phil T. Chinn, E. T. Graves and others over in the sum of \$1,000 each to circuit court for running pool rooms here.

MEET MONDAY.

CITY COUNCIL TO HOLD A LONG SESSION NEXT WEEK.

The city council will hold its regular meeting next Monday evening at the city hall, with a vast amount of business to transact. Most of it will be the passage of ordinances providing for the various offices under the new charter and fixing the salaries.

It has been decided that the council will meet the first and third Monday in every month, as heretofore, and the aldermanic board will meet the Thursday following the regular council meetings. This was decided on at the conference held at the Palmer house a few nights ago.

NOTHING DONE.

THE STRIKE SITUATION IS THE SAME AS YESTERDAY.

There is practically no change in the strike situation. It is understood that the carpenter contractors met this morning and decided to maintain the stand they have taken. Some of the contractors claim they will put on non-union men Monday.

The lumber concerns report that the strike has had little effect on them as yet.

It is understood that the carpenters asked the contractors yesterday to submit a wage scale which if was said the contractors were willing to agree on, but the contractors this morning declined to furnish the scale, although the carpenters agreed to furnish a list of all the carpenters. It is understood the contractors claim they will file the last proposition to the carpenters, which had not been answered.

One of the paid contractors said this morning that the talk of the settling their strike was all bosh, as there had never been any effort to settle it, and the contractors will stick to their first action. The contractors are now doing their own work.

LOCATION IS SETTLED

Elks Carnival Will be at the Place First Selected by Committee.

Every Thing Possible Done to Make Room for the Attractions and Crowd.

COMMITTEES ARE ALL BUSY.

The Elks executive committee has decided that there will be no change in the location for the approaching carnival. It was thought that the site chosen would be too small, but it has been found that by taking in a portion of Court and Ninth streets, and two or three vacant lots in that vicinity, enough space can be secured for the attractions and concessions, and the vast crowds of people that will attend.

While the location at Twelfth and Trimble may be more desirable in some respects, it is generally regarded as being too far away, and it is believed that this location would keep many people from going out, who will attend the carnival daily if it is nearby. The merchants also seem to be opposed to any change, and the committee has decided to use the site first chosen.

Contributions for the country store are still coming in. Today through R. G. Terrell, 100 pounds of baking powder with prizes was received from the Urbana, O., Baking Powder company, and a cultivator from the Hartio Brothers company, Evansville.

Everything possible will be done to make room. The German Village will probably be back of Sleeth's drug store, and instead of closing the sidewalk, a viaduct will be built, that people may walk over, leaving the passage way clear.

As a novelty as well as convenience, one of the huge platforms used for a free attraction will be erected over one of the shows, which will give still more room. Instead of the platform being built on the ground, as first contemplated, it will be built on top of one of the big entertainment tents. Mr. Rice thinks that in this way there will be ample space.

ATTEMPTED ARSON.

White Man Caught Trying to Set Fire to Schmidt's Grocery.

At the Point of a Pistol He Was Forced to Fly—Gave a Flimsy Excuse.

Thursday night an unknown white man attempted to fire the grocery store on Mr. Henry Schmidt, at Eleventh and Caldwell streets, and was narrowly prevented by the prompt action of Mr. Schmidt's housekeeper, who saw him and compelled him to leave at the point of a pistol.

The attempt was made about 3 o'clock and the housekeeper was awakened by the noise. She came down stairs and looked through the door of the stairway and saw the man pouring kerosene on the floor of the stair and at the doorstep. She secured a pistol, opened the door and asked him what he wanted. He replied that he had come to purchase some provisions but his game would not work and the plucky woman then presented the gun and gave the man just one minute to leave and he was not slow to take advantage of the invitation. The affair was reported to Officer Tom Orr today.

INDIANA BANK ROBBED.

Pennville, Ind., April 5—The Bank of Pennville was this morning robbed by burglars, who blew the safe open and got away with \$4,000. A posse is on their trail and it is believed will apprehend them.

Lebanon, April 5—A Democratic primary is being held in this county today for circuit court clerk. The contestants are Tom Spaulding and

WANTED IN INDIANA

Couple Caught Here Today Badly Wanted in Indiana for Larceny.

The Woman Deserted Her Family for a Youth—Will Go Back at Once.

HAD BEEN HERE FOR SOME TIME

Marshal Crow this morning succeeded in locating what is from all appearances a bad pair, a man and woman who have for the past several weeks been wanted in Evansville, Ind., for alleged grand larceny. Several letters had been from time to time received about the couple, but not until this morning were they located.

They were arrested by Officers Harlan and Woods in a boarding house near the city hall, where they have been living as man and wife.

The man's name is given in the letter as Tobe Dardenne, alias Arthur Averlo, alias Cotton, alias Breckwinkle, and the woman with him goes by the name of Cotton and Breckwinkle.

The letter Marshal Crow received states that they are wanted for stealing about \$45 worth of grain, and many other things. The woman is alleged to have left her husband and child for the man, who is about 25 year old, while she is over 35 or 40. It is alleged further that the man stole nearly all the clothes the woman's husband had, in addition to a number of other articles. They have both been badly wanted since the last of February and were known to have driven to Henderson, and there taken a train to Paducah. The man sometimes follows the avocation of barber.

The couple did not seem to be much disconcerted over their arrest, and the man simply said he guessed he "was up against it."

At first they said they would not return to Evansville without a requisition, but later the man said if the officers would not separate them while they were in custody here they would go back without one as soon as the Indiana officers arrive.

The Evansville officers were notified and are expected tomorrow for the prisoners.

The man seems to be quite a desperate character. He informed Marshal Crow that it was a good thing he didn't have his gun when the officers got him, as it was the first time he had ever been arrested without the gun.

It developed later that he is a paroled convict from Jeffersonville, having been released after serving sixteen months. He informed the officers that he is certain there is a reward of at least \$50 for him.

WHIPPED HIS WIFE.

OFFICER ORR HAD A LIVELY BUT UNSUCCESSFUL CHASE AFTER JIM KIMBRICK.

Jim Kimbrick, colored, an employee of the Illinois Central road, was yesterday charged and went home to take out vengeance on his wife in the way of a good beating.

Officer Orr was notified of the affair and chased the man for more than a mile through the woods near the Illinois Central depot but was outrun, the negro having the advantage of several hundred yards start. Kimbrick resides on South Twelfth street and the affair created some little excitement in that locality.

OLLIE MACK

Of Murray & Mack to return to "The Kentucky Thursday Night."

Coming attractions at The Kentucky:

Wednesday night—The first appearance here of The Mozart Symphony Club of New York.

Thursday night—Return engagement of Murray and Mack in "Shooting the Chutes."

Friday night—Mr. Walker Whitesides in "Heart and Sword."

Saturday, matinee and night—Mr. Whitesides in "Merchant of Venice."

The musical society event of the season will be The Mozart Symphony Club of New York Wednesday night at popular prices at The Kentucky. This club is famous throughout the East, and is under the direction of Messrs. Mario Blodeck and Richard Stoelzer, comprising the leading soloists and greatest string ensemble in any organization. Assisted by Miss Marie Stori, prima donna soprano; Mr. Richard Stoelzer, violoncello; Mr. Mario Blodeck, violoncello; Herr Theodor Hoch, the greatest cornet virtuoso in the world, and Roman triumphal trumpet. A selected program of the latest musical novelties,

the works of our greatest masters.

"Heart and Sword," the new romantic comedy which Mr. Walker Whitesides will present during his coming engagement here is described as a play containing a deep heart interest, and many exciting situations. The plot is laid in an old German principality, and the period is about 1819. It is said that Mr. Whitesides has a role particularly well suited to his talents.

The last time Murray and Mack were here The Sun had the following to say of the performance: "The large audience that witnessed 'Shooting the Chutes' at The Kentucky last night saw a good, clean farce comedy, interspersed with the latest and best specialties. The Murray and Mack company, in which Manager J. E. English is a half owner, is one of the largest and best on the road, and was last evening greeted by a large and delighted audience. There was standing room only in the balcony and gallery, and the crowd down stairs was large. The star performers are of course Mr. Charles A. Murray and Mr. Ollie Mack. Miss Lillian Durban, as 'the singer,' was one of the

favorites. She is beautiful and fully capable of keeping the audience interested. Miss Kitty Beck is a jolly little song bird who becomes a favorite everywhere, and is graceful, dainty and pretty. Mr. Gus Pixley, as the anarchist and tramp, gave the audience an entertainment that it greatly enjoyed, and Murray and Mack, in their various specialties, won repeated encores. The entire performance is one of the best of its class on the road, and is well worth seeing. The scenery is especially fine and realistic, and the costuming unexcelled."

The engagement of Mr. Walker Whitesides in this city for Friday night and Saturday, matinee and night, will undoubtedly be attended with much success for that excellent actor. Mr. Walker Whitesides, has earned his right to the distinction of being one of the foremost actors in this country. He is an earnest worker, a careful master and progressive in his methods of acting and staging of his plays. This season Mr. Whitesides is presenting the new romantic comedy, "Heart and Sword," with great success, as well as "The Merchant of Venice."

The New York Staats Zeitung in speaking of Herr Theodor Hoch, who is with The Mozart Symphony Club, that appears at The Kentucky Wednesday night, regarding his daring performance of playing a cornet solo in a balloon 6,000 feet high at the exposition in Berlin, Germany, in 1896, says: "Mr. Theodor Hoch has just returned from Berlin, where he had been engaged at the exposition. Besides he gave other concerts in his native city, and everywhere he met with the warmest reception. The last day he went up 6,000 feet in a balloon, playing a cornet solo, starting with the "Star Spangled Banner," "Dixie Land," etc. While descending he played the German national air, but when he reached the ground he again played "Home, Sweet Home." The applause which greeted him was deafening, people from far and near having gathered to hear him. His object in going into the balloon was to be able to judge the distance his instrument might be heard. Musicians who had come to hear him said every note could be heard distinctly, the effect being wonderful at times."

For several years Mr. Walker Whitesides has devoted himself almost entirely to the production of Shakespearean and other classic plays. His several New York City engagements were given over to the magnificent scenic productions of the Bard's greatest tragedies. The "Hamlet" production, it will be recalled, was a splendid one, gorgeous and complete in every detail. Last season Mr. Whitesides made a notable presentation of Stanley Weyman's "Man in Black,"

and this season he will be seen in what is said to be one of the strongest romantic plays written. The title of this new play is "Heart and Sword," a translation from the German. The play is neither tragic nor bombastic in tone. It is a pure love story, modern in treatment and containing much comedy of the higher order. The company in support of Mr. Whitesides is said to be an excellent one, including Miss Lelia Wolstan. Mr. Whitesides' engagement at The Kentucky begins Friday night, with matinee Saturday, ends Saturday night, and it will be one of the events of the season.

MR. WALKER WHITESIDES

As "Shylock" in the "Merchant of Venice."

The Mozart Symphony Club is something fine, and should be heard by all. It has some real artists in it, and Prof. John Deau, who knows several of them, says that the cornetist is the finest in the United States. It will be at The Kentucky Wednesday.

John W. Peck vs. Str. I. O. K.

Whereas a libel was filed in the district court of the United States at Paducah, Ky., on the 25th day of March, 1902 by John W. Peck against the Steamer I. O. K., her engines, tackle, apparel, furniture, etc., alleging in substance that said steamer was indebted to him in the sum of \$85.00 for wages due from said steamer. That said steamer is justly indebted to him in the said sum; that same has never been paid, and prays process against said boat, and that it be condemned and sold to pay said claim with cost and expenses.

Now, therefore, in pursuance to the monition under seal of said court, to me directed, I do hereby give public notice to all persons claiming the said steamer I. O. K. or in any manner interested therein, that they be and appear in the district court of the United States in the city of Paducah, Ky., on or before the 7th day of April, 1902 at 10 o'clock in the forenoon of that day, then and there to interpose their claims, and to make their allegations in that behalf.

COY AND UNCERTAIN.

While the week has seemed quite a
gay one, it may be because we have
viewed it comparatively, for when
you sum it all up it does not make a
very full showing. However, society
is just starting over again and like the
April weather has hardly decided yet
what it will be and do. For just when
we are anxiously awaiting her flickle
smiles April refuses to be her charm-
ing self, but is almost freezing to us.
And while there does not seem to be
much of a social outlook for the com-
ing week as yet, maybe Society and
April will both treat us better than
we dare hope now.

WEDDING ANNOUNCED.

Sunday morning at the St. Francis
De Sales Catholic church the banns
will be read of the wedding of Mr.
William Percy Paxton and Miss Flora
Josephine Dicke, the marriage to take
place on Wednesday, April 23, at 4 in
the afternoon. It will be a church
wedding with attendants, and the
beauty of the bride-elect and the popu-
larity of both, will make it an occa-
sion of especial interest as well as a
charming event.

Miss Dicke is the youngest daughter
of Mr. Barbara Dicke, and is one of
Paducah's most beautiful girls. Her
sweet and gracious manner as well as
her rare blonde beauty have conspired
to make her generally beloved in her
large circle of friends.

Mr. Paxton is the youngest son of
Mr. and Mrs. W. F. Paxton, and is the
secretary of the Kentucky Glass and
Quensware company. Not only is he a
rising young business man with the
fine and sterling qualities that com-
mand respect in that world, but he
has the happy faculty of making
friends also, and is a great favorite
socially.

While this is the first announcement
of the event, it has been "somewhat
suspected" for a long time, and will
not cause surprise to their friends at
all, who will now have the opportu-
nity of expressing the good wishes and
congratulations, which are numerous
and sincere on all sides.

A PRETTY EASTER WEDDING

One of the prettiest weddings of
the season was that of Miss Anne
Reed and Mr. Rabb Noble which

took place at Grace Episcopal church
on Wednesday evening at 9 o'clock.
The church was crowded with the
friends of the popular couple, and
as a reception was to follow the
ceremony charming evening gowns
were much in evidence, which gave
an added beauty to the scene. The
chancel and altar, which were effec-
tively decorated in plants and out
flowers, with vines and ropes of the
southern smilax, forming graceful
festoons, made a charming background
for the bridal party grouped in it.

The bride entered with her brother-
in-law, Mr. Bransford Clarke. Al-
ways pretty and attractive she looked
especially charming in an artistic
bridal gown of white Louisine silk, a
St. Louis creation, the bridal veil,
and white carnations. She was
preceded by her maid of honor, Miss
Mary Lee Clarke of Evansville, Ind.,
and her flower girls, little Miss Dor-
othy Reed and Miss Elizabeth Kirk-
land, sister and cousin of the bride
and groom. Miss Clarke, a radiant
blonde, wore a charming gown of
white silk grenadine and carried red
carnations. The flower girls were in
white muslin, and carried baskets of
red carnations. The ushers were
Messrs. Thomas Hall and Hughes
McKnight, W. M. Rieke and Horace
Shinn. At the altar the bridal party
were met by the groom and his best
man, Mr. Thomas Morton, of Chi-
cago, and the beautiful wedding cere-
mony was solemnly said by Rector
B. E. Reed, the bride's father.

Miss Jessie Nash presided at the
organ, playing very delightfully
throughout the ceremony, with
Tannhauser as the processional and
Mendelssohn for the recessional.

A delightful reception at the Reed
home on Court street, followed the
ceremony. The house was attract-
ively decorated in flowers. Beside the
bridal party those receiving were:
Rev. and Mrs. B. E. Reed, Mesdames
Montrose P. McArdle, of St. Louis;
Hortense Forbes, of St. Louis; Misses
Jeannette Campbell, Faith Langstaff,
Myrtle Decker, Jane Rivers and Mr.
Edgar Mumford. In the dining room
were Misses Minnie Ratcliffe, Frances
Gould, Lelia Goodwin, Ada Thomp-
son, Emily Morrow. The brick ice
cream, cakes and peppermints all em-
phasized the red and white effect of
the wedding.

Many guests called during the even-
ing to give congratulations and good
wishes to the bride and groom, and
the numerous and beautiful bridal
presents received from everywhere
bore strong testimony to their popu-
larity and prominence.

Mr. and Mrs. Noble left at midnight
on an extended bridal tour which will
embrace the Charleston exposition,
and possibly Havana. On their return
they will be at home at the Palmer
house.

RECEPTION IN

MISS HOOD'S HONOR.

The delightful reception on Easter
Monday evening given by Mr. and
Mrs. William F. Bradshaw in honor of
their charming guest, Miss Mabel

Hood of Baltimore, Md., very pleas-
antly opened up the post-Lenten gay-
eties and started the social ball roll-
ing. From 9 to 11 the handsome
Bradshaw home on West Broadway
was thrown open and many guests
were present. A number of charming
evening toilettes added to the attrac-
tiveness of the scene.

Mr. and Mrs. Bradshaw, Miss Hood,
and Mr. William Bradshaw, Jr., were
assisted in the front parlor in receiv-
ing by Misses Anne Reed, Martha
Leech, Elizabeth Sinnott, Jeannette
Campbell, Letty Powell, Messrs. W.
M. Rieke, A. S. Thompson, Maurice
Nash, Jr., Charles Thompson. Mrs.
Emily Wheeler, assisted by Mr. and
Mrs. Wheeler Campbell and Dr. and
Mrs. L. S. DuBois, gracefully did the
honors of the sitting room.

The dining room, which was effec-
tively decorated in jonquills, was pre-
sided over by Mrs. John P. Campbell
and Mrs. Milton Cope. Delicious ices
and cakes were served during the
evening.

SANS SOUCI CLUB

ENTERTAINED.

The Sans Souci club which has
held no meetings during Lent was en-
tertained by Miss Minnie Terrell and
Miss Hattie Terrell on Thursday af-
ternoon. It was a most delightful oc-
casion and was greatly enjoyed by the
club who have not been together since
Shrove Tuesday, when Miss Mabel
Rieke gave her pretty Valentine party.
The loss of Miss Gertrude Asher, a
popular member, who has moved to
Dallas, Texas, in the interim, was
deeply regretted. The club prize was
won by Mrs. Harris Rankin. Miss
Carline Sowell captured the visitor's
prize and gracefully presented it to
Miss Mabel Hood of Baltimore.

A delicious luncheon was served
after the game. The guests included:
Mesdames Harris Rankin, David San-
ders, Miss Mabel Hood, of Baltimore;
Misses Marjorie Crumbaugh, Lula
Reed, Florence Yeiser, Angie Thomas,
Myra Dubois, Mary Boswell, Anne
Boswell, Clara Thompson, Laura
Sanders, Faith Langstaff, Virginia
Lesh, Susanne Jorgenson, Kathleen
Whitefield, Carline Sowell.

THE JESSIE BARTLETT

DAVIS CONCERT

AND RECEPTION.

An event of especial interest to soci-
ety this week was the Jessie Bartlett
Davis concert at the Kentucky on
Tuesday evening, followed by the re-
ception given in her honor at the
Kentucky club. One of the most no-
table and brilliant audiences of the
season was present at the theater, at-
tracted not only by the fame of the
singer, but also by the interest in the
Home of the Friendless, for whose
benefit she came, and the popularity
of its board of lady managers. All
society was out in its gala attire, and
the many charming evening and East-
er toilettes were a marked feature of
the occasion.

The reception at the Kentucky club
was all that these notable hosts are
famous for giving. The beauty and
charm of Paducah society was present,
and the occasion was in every way
most pleasant.

A delightful supper was served at
the club.

D. A. R. MEETING.

The George Rogers Clark chapter of
the Daughters of the American Revolu-
tion held their regular April meet-
ing with Mrs. Leslie Soule, of North
Fifth street. These meetings combine
both business and social features, and
this was an especially delightful occa-
sion with a splendid attendance. Mrs.
L. S. DuBois gave an interesting ac-
count of the "Settlements of Florida,
Louisiana and on the Mississippi." A
pleasant little sketch was read by
Mrs. Sol Vaughan. Very charming
music was furnished by Miss Virginia
Lesh and Miss Julia Dabney.

A delightful luncheon was served
by the hostess in conclusion. The
next meeting of the chapter will be
with Mrs. L. S. DuBois of Fountain
avenue.

U. D. C. MEETING.

The United Daughters of the Con-
federacy met with Miss Ada Thomp-
son on Tuesday afternoon. It was an
especially pleasant meeting and was
largely attended. The literary fea-
tures were most enjoyable and consisted
of an able historical paper read by
Mrs. William Anderson, of Arcadia,
and charming recitation by the tal-
ented Miss Aline Bagby.

An invitation was received by the
chapter to attend the meeting of the
U. D. C. in Charleston, S. C., in
May, which was declined. Plans were
discussed for organizing a chapter of
the U. D. C. in Smithland, Ky., and
some will soon go from here to do so.

Delightful refreshments varied and
added to the afternoon's pleasure.

MAGAZINE CLUB.

Miss Elizabeth Sinnott was the gra-

cious hostess of the Magazine club on
Thursday afternoon, and despite the
inclement weather there was a repre-
sentative attendance and the occasion
was most pleasant.

Miss Alice Compton represented
"The Outlook" very delightfully.
Mrs. Mildred Davis gave "The Evolu-
tion of a Girl's Ideals" from Scrib-
ner's Magazine in a very interesting
manner. Mrs. John P. Campbell from
the January Harper's told very agree-
ably of the "Evolution of Girlhood,"
and from the last Harper, "Nebucha-
nezer's Palace."

A delightful luncheon was served
most attractively after the magazines
were discussed.

DELPHIC CLUB MEETING.

The Delphic club met with Mrs.
Robert Becker Phillips on Tuesday
morning and enjoyed a most delight-
ful discussion of Schiller. Quotations
from his writings were given in open-
ing. Miss Helen Lowery gave an able
resume of the "Life, Character and
Work of Frederick Schiller." Mrs.
George Flournoy told very interestingly
of "The Friendship of Goethe and
Schiller." "The Lay of the Bell"
was read by Mrs. Richard Baker, and
"The Diver" by Mrs. Frank Parham,
both doing full justice to these fine
poems.

PARTY TO CAIRO.

Mrs. John P. Campbell was the
hostess of a party to Cairo on the Fow-
ler on Friday. Those composing the
party were: Mesdames L. A. Fowler,
Manie Cobb, Lizzie Austin, Millie
Davis, I. D. Wilcox, W. E. Cave, Cook
Husbands, J. A. Rudy and Master
John Campbell.

A NEW CLUB.

The Every Week Progressive Whist
club is the title of a new club just
organized that has for its members
Messrs. and Mesdames C. E. Gridley,
A. J. Reitz, Henry, I. Young.

THE COMING WEEK.

The Musical club will meet on Mon-
day night in the lecture room of the
First Christian church. Subject of
study, "Women Composers."

morning with Mrs. Robert Becker
Phillips.

The Sans Souci club will be enter-
tained by Miss Kathleen Whitefield
on Tuesday afternoon.

friends here.

Invitations were received here this
week to the marriage of Miss Linda

INTERNATIONAL BIBLE EXAMINATIONS HELD LAST NIGHT.

Last night the International Bible
examinations were held at the associ-
ation by Secretary Escott and Messrs.
C. B. Lake, the assistant secretary of
the association, and William D. Wat-
son, of the city, were the only two
students to take the examinations,
Mr. Claude Johnson having failed to
appear.

The grades are thought to be above
the average, from a hasty examina-
tion, and the papers will immediately
be forwarded to the international com-
mittee at New York for grading.
These are the first international exam-
inations to be held here in some time.

Tonight the building committee will
meet with Mr. George B. Houser,
who arrived last night, and map out a
campaign for the fund canvass. The
canvass will require no longer than
six weeks, it is thought, and the
necessary \$25,000 is considered as
well as subscribed, judging from the
interest the local professional men
and merchants are taking in it.

TEARING DOWN OLD TANK.

This morning the workmen began
tearing down the water tank at Jack-
son street on the Illinois Central. For
the past several months the tank has
been badly leaking and had become
nearly worthless as far as service was
concerned. The frame is of value but
the body will probably have to be dis-
carded. The tank built in the round
house yard has been painted and is
now being used exclusively.

SERIOUS TROUBLE.

MAN IN LIVINGSTON COUNTY UNDER ARREST FOR SEDUCTION.

Smithland, Ky., April 5—Ben
Shoecraft, a well known citizen of
the Salem section, is in rather serious
trouble. It appears that he became
very fond of Miss Mary Traill, and se-
cured her consent, she alleges, to
marry him. Now comes the sad story
of the downfall of the young lady and
the refusal of Shoecraft to wed her.
She secured a warrant a short time
since charging him with seduction.
He was arrested and arraigned before
Justice Stephens and was granted a
continuance until next Saturday.

The accused is preparing to make a
vigorous defense. He is about 45
years old and has been married. His
alleged victim is 18 and recently be-
came a mother.

DAILY THOUGHT.

A week filled up with selfishness, and the Sabbath stuffed full of religious exercises, will make a good Pharisee, but a poor Christian. There are many people who think Sunday a sponge with which to wipe out the sins of the week.—Beecher.

OUR FISCAL COURT.

Fiscal court has held its regular spring term, and the most commendable thing it did was to adjourn. Fiscal court is composed of gentlemen some of whom are intelligent, progressive men, but unfortunately of some men whose hirsute endowment is still profusely besprinkled with hay seed. It may be that there are none of this kind in McCracken's board. But however that may be, fiscal court does some very remarkable things.

One of these was to make no provision for needed repairs to the gravel roads, which are said to be in a bad condition. It is presumed that what road work will be done will be done on the dirt roads, any improvement to which, as improvements are made in this county, is a waste of money.

Another thing was to increase the salary of county attorney, and to try to increase that of the county judge. In the latter case the effort was unsuccessful, thanks to the magnanimous action of County Judge Lightfoot, who generously voted against it. In that case we have the unprecedented spectacle of a public officer voting to increase or decrease his own salary. It is not generally known that the salaries of county judge and county attorney are fixed after these functionaries go into office, and not before they are elected. Just why this is is not plain, as the state constitution says explicitly, section 161, that the salary of no state, county, municipal or town officer shall be changed during his term of office. The statutes provide, in the case of county attorney that his salary shall be fixed by fiscal court annually. But it does not say that it shall be fixed after he has been elected, qualified and entered into his term of office. It is said in explanation that a decision of the court of appeals gives fiscal court this right. We have not seen the decision, and there may be one of that description, but a decision of the court of appeals cannot overturn a provision of the constitution. It is also apologetically said that the county attorney is not a salaried officer. To some extent he is not, but nevertheless the compensation provided for in the statute is designated a salary, and if it is only a fee, then the \$1,000 fiscal court voted to pay the county attorney is a pretty steep fee, especially as he gets a big per cent of all fines in favor of the commonwealth. We were under the impression that the increase from \$700 to \$1,000 voted by fiscal court would not and could not become effective until the term of the incumbent expired, but this was an error. It goes into effect at once. It is both unjust and perhaps unconstitutional that the salary of any officer should be fixed after his election. Suppose that the man elected to the position was disposed to and could buy up fiscal court? The members of this body, according to their claim and their recent action, could fix his salary at anything they care to call reasonable. He might go around after being elected and having entered into his duties, and pay the members to fix

or anything he wanted, if the members did not happen to be honest. Or if the county attorney happened to have a different kind of politics from that of men elected to fiscal court the latter could place the salary, after the man is elected by vote of the people and begun work, at practically nothing, and force him to resign. The law does not contemplate any such a possibility, and does not intend to place any such power in the hands of any set of men. But if there is any law justifying it, it is not a good law, and is probably unconstitutional, and does not afford the people who are taxed to pay such salaries any protection. A man under such a law may be paid anything the friendship of fiscal court prompts them to pay him, not what the services he renders justify. It is a complete violation of the spirit of the law. In this county we are confronted by the fact that fiscal court has fixed the salary of county attorney at \$300 more than he got last year. This is fixed after his term of office began, and during his term of office, a violation of the constitution. The salary of the county judge, who has been in office for several months, could have been increased in the same manner as that of the county attorney, had not the judge voted it down. Whoever heard of the law's contemplating that a public officer could by dint of any law or decision of the court of appeals, vote on what his own salary is to be? If it is the law, however, it should be changed. The Sun is not complaining about the amount nor claiming that the excellent county officers we have are not worth more money, but of the principle of law, real or imaginary, on which such action is based.

Another foolish thing fiscal court did was to refuse a proposition from a reputable physician, recognized by the medical profession, to do the same work for the taxpayers of this county for \$400 that the county is paying \$600 for now. This is sheer extravagance. There is absolutely nothing to justify it. Fiscal court did not consult the welfare of the people a particle. It elected a man at \$600 because he had a bigger "pull" than the man who offered to do the work for \$400.

In fact, to read proceedings of fiscal court, and note increases they made in salaries, etc., and then remember that it has just authorized the county judge to borrow nearly \$40,000 to pay off debts contracted during the previous administration, one is induced to believe that we should dispense with fiscal court entirely, or else hereafter be more discriminating in the selection of its members.

The sentiment in favor of our sewerage system is growing. A year or two ago a great many people did not seem to know what it was built for, and it would doubtless look strange to the outside world to see where it was necessary to Pr Lucah to create a sentiment in favor of such an acknowledged necessity as a sanitary sewerage system, but that is just what some of the papers have had to undertake here. Many of the best people are actually indifferent to sanitation, and have been outspoken in their opposition to sanitary sewerage, while many of them in the sewer district still run their slop waters into the gutter, instead of connecting with the sewerage. With the agitation for better sanitation in Paducah, and the results thereof, there is a marked change in the death rate, and it is

SCROFULA.

To cure Scrofula take Scott's Emulsion.

Scrofula may be described as—"scattered consumption."

It is consumption of the small glands under the skin, and these break out into the sores. Scott's Emulsion heals these sores.

But there's more to the story. The loss of flesh and great weakness that comes with Scrofula is a regular part of the disease—the same as in consumption of the lungs. For this as for the sores, Scott's Emulsion is just the remedy.

Flesh and strength are gained by the use of Scott's Emulsion quicker than in any other way.

Scrofulous children improve in every way on Scott's Emulsion.

good work is kept up, we will soon have one of the healthiest of cities.

President Roosevelt, it is announced, is satisfied that the popular sentiment throughout the country is in favor of the retirement of General Miles, if he will not take time by the forelock and resign. President Roosevelt is right. Most of the eastern papers criticize Miles very sharply, and seem to think his conduct has been anything but what it should be, and has seemingly been designed principally for the purpose of harassing the administration. The southern papers are, of course, the self-constituted champions of Miles. They will denounce anything the President and administration favors, no matter what it is, and the fact that it is reported that the administration is getting tired of Miles is sufficient justification for the southern papers taking up the cudgels in his defense. Miles is a good man, but he is not indispensable in this free and independent form of government.

The way Jo A. Parker manages to hold on is a remarkable thing. A few years ago Jo was editor of the Kentucky Populist, a small paper published on legal row here, and occupied a small, dirty office in one of the buildings there. He looked like an overgrown country boy, just as he looks now, but since that time he has risen from a country politician to the leader of a party, and is a national character. The name of Jo A. Parker is as familiar as that of Populism itself, and when he goes to the big cities he is interviewed and harassed by reporters just the same as if he were a great man.

The wholesale dismissal of guards at the penitentiaries is likely to cause trouble in the Democratic camp. They are being slayed by the dozen to make way for the "pets" of the legislators who were generous enough to vote for the extravagant appropriations for the two prisons. The ousted guards are hot in the collar, knowing that they were turned out simply to make way for some one else, and that there was no other reason for their dismissal, and threaten to make it interesting for the gang. These guards profess to know a "few things," and they are now ripe to tell all. Let it come.

The defeat of Jones is the death knell of Bryan. The Boy Orator of the Platte is building him a barn in good time. It's the only Presidential mansion he will ever occupy.

MANY GATHERINGS.

PASSENGER ASSOCIATIONS BUSY MAKING RATES FOR MEETS.

Few people probably have any idea of the large number of occasions for which the railroad companies make reduced rates. The Western Passenger Association Bulletin, just issued, schedules 101 events which are to take place during the next two or three months for which reduced rates have already been named, and this is only the beginning of the season. This list includes meetings of a general character, but does not include a large number of meetings which are local and which do not get into the association records. The other associations have equally large lists.

Excursion rates at a fare and one-third for the round trip have been granted by the Central Passenger Association for the following occasions: Woman's Catholic order of Foresters, Chicago, April 14 to 20; National Association of Manufacturers, Indianapolis, Ind., April 15 to 17; Eastern Art Teachers' association, New York, April 25 and 26; Interstate Cotton Seed Crushers, Dallas, Texas, April 28 to 30; Catholic Knights and Ladies of America, Detroit, Mich., May 27 to 30; Reformed Presbyterian church, Syracuse, N. Y., May 28 to June 4.

GETTING READY FOR SUMMER.

The gardeners of the Illinois Central have already begun to rearrange the flower beds of the local system and pretty soon they will all be in blossom again. The master mechanics' office bed is today being overhauled, new grass seed sown and the monogram again arranged. The remaining beds will be repaired in time.

BURIAL TOMORROW.

Preaching at the Second Baptist church Sunday morning and night, 11 a. m. and 7:30 p. m. Everybody invited.

CAIRO PARK MANAGERS OFFER PADUCAH THE USE OF THEIR GROUNDS.

Mr. Walter Wilkins of the Excelsior Bicycle works is in receipt of a letter from the Cairo baseball enthusiasts urging that Paducah organize a team and use the Cairo grounds.

"We know that you have no regular enclosed grounds and feel sorry for you and do hereby offer you the use of our grounds on Sundays."

The latter state that the Cairo team would not be in Cairo on Sundays much and that the Paducah team could run excursions to that city and play the game there. LITTLE DONE IN FISCAL COURT YESTERDAY AFTERNOON.

Fiscal court adjourned yesterday afternoon after a three days' session.

One hundred dollars was voted to the Commercial club of Paducah, and County Judge Lightfoot made a member of that body to represent the county. The club greatly appreciates the donation, and feels that the cooperation of the county will be a good thing.

One hundred dollars was turned over to Judge Lightfoot to assist in the prosecution of criminals in examining court.

No final disposition was made of the smallpox claims of the city, which has been hanging fire for several years past. The city claims that the county is liable for a portion of the expense entailed by maintaining a pest house, and the county has heretofore resisted such claims, and compelled the city to bear all the cost.

A quietus was granted the former sheriff in the collection of franchise tax, on the 50 per cent basis allowed by the board. The report showed that the Paducah Banking company paid \$337.15 on their \$82,228 investments. The others paid as follows: Citizens' Savings bank, \$511.40 on \$124,732; Nashville, Chattanooga and St. Louis railroad, \$1,138.16 on \$138,880; Illinois Central, \$4,584.62 on \$559,100; Paducah union depot company, \$166.64 on \$20,200; Paducah Railway and Light company, \$890.19 on \$108,560; Paducah Water company, \$602.26 on \$73,440; total, \$8,229.36. From this a \$329.16 commission was deducted, leaving \$7,900.20 due and which was divided as follows: Funding account, \$3,372; county levy and special fund, \$4,046.50; pauper, \$481.90. This does not include the Western Union Telegraph company, Gas company, Postal Telegraph company, Southern Express company or any other franchise except those mentioned.

The Tennessee leaves this evening at 5 o'clock for Tennessee river.

The Ayer and Lord boats will begin to come out the fore part of next week.

The Lyda came out of the Tennessee river with 211,000 ties for Holcomb-Lobb and Co.

The John S. Hopkins arrived at 10 o'clock with a good passenger and freight trip and left shortly before noon on her return to Evansville.

The Woolfolk is due up today from Mississippi river with a tow of timber for the Ferguson and Palmer mill. She passed Cairo early this morning.

The first boat built on the marine ways at Madison, Ind., was the Golden Gate, built in 1852. She was 180 feet long, 36 feet beam and 10 feet hold.

A Cairo dispatch says: The Mound City marine railway and dock have been sold to the Howards of Jeffersonville. There is an idea out that the great boat builders contemplate removing their great boat industry here, to get nearer the great lumber mills and also below low water annoyances.

There has been a time in the history of river navigation when fuel was not considered. This was when no market could be found for slack. Now any kind of fuel is an item. It is said that the W. W. O'Neil consumes about twice as much fuel as the J. B. Finley, a recently constructed tow-boat, and the Finley can do more work than the O'Neil. The packet Lorens is the only steamer running in and out of Pittsburg that has Scotch marine boilers, but those to be placed on the Sprague are different in construction. Fuel is high and if the Sprague's boilers are a success, they likely will be universally adopted by Pittsburg boat owners.

Yesterday's Globe-Democrat says: "Captain I. T. Rhea, of Nashville, president of the St. Louis and Tennessee River Packet company, and Lee Howell, of Evansville, Ind., a member of the board of directors of the same company, were in the city yesterday in consultation with Captain John E. Massengale, general manager of the line. They signed a contract with Captain E. J. Howard, of Jeffersonville, Ind., for another boat, to be built at once, for the mail and packet business between Danville and Savannah, on the Tennessee river. The new boat will be 150 feet long, 28 feet beam, with cylinders 14 inches in diameter and 5 feet stroke. The boat will have a full cabin, electric lights and all other conveniences known to the modern steamboat. She is to be completed in about four months, and will take the place of the steamer Wil J. Cummings that was wrecked in the Tennessee river last summer. The company is building another boat for the St. Louis and Tennessee river trade, which is about half completed. It is also being built by the Howards."

NOTICE.

Walter Gross vs. steamer Kenois, in admiralty.

Whereas, a libel was filed in the district court of the United States, at Paducah, Ky., on the 31st day of March, 1902, by Walter Gross against the steamer Kenois, her engines, tackle, apparel, furniture, etc., alleging in substance that said steamer was indebted to him in the sum of \$500 in the way of damages for personal injuries received on said boat; that said steamer is justly indebted to him in said sum, that same has never been paid, and prays process against said steamer, and that it be condemned and sold to pay said claim, with costs and expenses.

Now, therefore, in pursuance to the motion under seal of court to me directed, I do hereby give public notice to all persons claiming the said steamer Kenois, or in any manner interested therein, that they be and appear in the district court of the United States, in the city of Paducah, Ky., on or before the 5th day of May, 1902, at 10 o'clock in the forenoon of that day, then and there to interpose their claims, and to make their allegations in that behalf. A. D. James, 10t U. S. M. W. D. K. D., By Geo. W. Saunders, deputy.

Madame Rosa Marliani

Rosa Marliani

President of French Singers' Association of Chicago.

is the case of Mrs. Susan Lee, of Demopolis, Ala., who suffered nine years and was cured by taking Wine of Cardui. She writes:

"I have been sick for nine years and was not able to do my housework for over five years. Since I have been using your remedies I have been able to work. I have only used three bottles of Wine of Cardui and a package of Thedford's Black-Draught. I can do almost as much work now as I ever did. I cannot say enough about your medicine. I will come to the fact—I am feeling almost young again."

After reading the letters of Madame Marliani and Mrs. Lee, the only reasonable thing for an afflicted woman to do is to go to her druggist and secure a bottle of Wine of Cardui and begin the treatment at once. You can begin the treatment today in the privacy of your home. The change for the better will begin within a week. The Wine strengthens the weakest link first. Naturally that is where an improvement would be most noticeable.

Do not go on suffering for years like Madame Marliani and Mrs. Lee. Those anxious years are gone—lost when they should have been enjoyed in health. Every day you hesitate is lost and gives to useless suffering another day of your life. If you need advice write 'The Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn. Describe your symptoms as fully as possible and a free letter of advice will be sent you. All druggists sell \$1.00 bottles of Wine of Cardui.

community and Madame Marliani is encouraged and helped in her musical work by the health and energy she derives from taking Wine of Cardui. In writing of her case she says:

"I consider Wine of Cardui better than doctors' prescriptions or any other remedy for female trouble. I have tried many, both in this country and abroad, having been a sufferer eleven years, and nothing cured me until I used your remedy. I had such excruciating pains at times that I wanted to die, and indeed a life of suffering is not alluring to anyone. Your splendid medicine strengthened my nerves, restored my appetite and built up the entire system and I now enjoy perfect health."

Madame Marliani was right when she said a life of suffering was not alluring to anyone. After suffering eleven years she was surely fortunate to secure a remedy that would restore her to health. She could not get it from doctors although she went abroad searching for relief. The power of Wine of Cardui to restore weakened organs after years of suffering has been put to the severest tests, but it has never failed to benefit and seldom failed to effect a cure even in the most complicated cases. Another proof of the work of Wine of Cardui

WINE OF CARDUI

Women who have suffered and are now cured know how great a remedy this is.

THE GREAT VANQUISHER OF ALL FORMS OF RHEUMATISM

The Marvelous Cure of Mrs. Cook, of Gardner, Kansas.

Rheumatism, terrible in its acute, and long enduring in its chronic form, is one of the most baneful diseases that human beings suffer from. It is a disease that will not bear neglect, for if not treated promptly will remain till death to harass, torture and make life miserable.

Rheumatism is also a constitutional disorder and hereditary. Because of an inactive condition of the kidneys and bowels the blood is not purified, and an acid poison is formed the deposited in the muscles and joints, and this causes the inflammation and intense agonies that thousands are obliged to endure. Too often the effects of rheumatism are fatal, especially when the dread disease affects the heart; then death is sudden. Many other serious complications result from this terrible disease, such as pneumonia, pleurisy, meningitis, and diaphragmatitis, and these often prove rapidly fatal.

Racked and tortured reader, what are you doing to get rid of your danger? Physicians candidly admit their inability to cure. The ordinary medicines of the day may give you relief for a few hours or days; they cannot banish the disease from your blood, joints and muscles; they cannot take the swellings from your knees, elbows or wrists, or make supple the stiffened and twisted limbs. You cannot longer afford to experiment; death is the sure result of experiment and neglect.

Today your only hope lies in the immediate use of Dr. Phelps' wonderful rheumatism banisher—Paine's Celery Compound. This tested and world-famed vanquisher of rheumatism, neuralgia and other troubles that arise from impure and poisoned blood, is now fully recognized by the medical profession as a positive and unfailing cure. The following important letter sent by Mrs. Cook is but one of the many thousands received from prominent and well known people in every state of the Union who have been cured by Paine's Celery Compound. Mrs. Cook says:

"I was sorely afflicted with rheumatism some time ago, so much so that I was unable to go about the house; I had to be carried. I tried all kinds of medicines and liniments to no effect. For months I was helpless, unable to turn myself in bed, and suffering with pain which was almost unendurable. Finally, by chance, I noticed an advertisement of Paine's Celery Compound, and concluded to try it. After using one bottle it seemed to be helping me, and I continued to use it, until I had no more rheumatic pains. Since then I have been able to do my house work, and have been free from rheumatism."

ASKING FOR BIDS.

AN EFFORT TO BE MADE TO BEAUTIFY THE SCHOOLS HERE.

Chairman Ben Weille, of the building committee of the board of education, has asked for bids for furnishing steam heating apparatus for the Jefferson and Washington school buildings, and if the board has the money, and it has demanded it of the council, it will have the building supplied with modern heaters before the next session begins.

Chairman Weille has also asked for bids for placing an artificial walk about the Washington building, on West Broadway. Chairman Weille says that the condition of some of the schools is very bad, and that the yards and outbuildings are in a state of neglect that should be remedied at once. Several thousand dollars is needed to make the necessary changes.

NATIVES INTERESTED.

ANOTHER ROUTE TO CAIRO IS BEING SURVEYED FROM TENNESSEE RIVER.

Reports come in from the Garrison creek section that a corps of surveyors is at work running a line from Tennessee river towards Cairo. No one seems to know what it is for, but it is probable that it is the Chicago, Milwaukee and St. Paul engineers who arrived several days ago, and who know what they are here to do, but do not know for whom it is being done. The new route passes near Florence Station, and it is claimed that the people in that section are much interested in the move, although they do not know what it all means.

GOOD INVENTION.

PADUCAH MAN IS INTERESTED IN THE ENTERPRISE.

Mr. James Weille, the well known clothier of the city, and Messrs. J. S. Nail and Henry Martin, have formed a firm known as the J. S. Nail Novelty company for manufacturing an adjustable holder for telephone receivers. A patent has been applied for, and it is believed that the invention will prove a great success, and perhaps make the owners rich.

The device can be used on any kind of a telephone and can be attached to wall, table, or movable telephone, and is said to be so simple that a child can use it. As soon as the patent is issued the manufacture will begin and the goods placed on the market.

LOST HIS JOB.

HARD LUCK OF MR. L. E. DODD OF BENTON.

Among the penitentiary guards who were "fired" from the state prisons to make way for the political pets of the legislators was Mr. L. E. Dodd, of Benton, formerly editor of the Benton Tribune.

The new guards at Eddyville are: R. T. Parker, of Calloway; W. H. Jones, of Hancock; J. M. Mitchell, of Harrison; Sam Maxey, of Allen; J. C. Bedford, of Monroe, and Moses Glenn, of Muhlenberg county.

DIED IN AFRICA.

BROTHER OF MR. GEO. P. ROGERS IS NO MORE.

It will be sad news to the many friends here of Mr. Geo. P. Rogers of Smithland to learn that his brother, Mr. Rowland Rogers, died February 9 at Linley, South Africa.

The deceased was an English soldier, and had served in three wars, dying from peritonitis, the same thing his brother, Mr. Alf Rogers of Paducah, died from a few years ago. The deceased visited in Paducah and Smithland only a few years ago.

WHEN BABY IS COMING USE Mother's Friend.

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert and her nature the finest as she foresees the joy, the ambition, the success and the life-long satisfaction coming, coming nearer, day by day, in the dear and innocent being so soon to see light, and the very uncertainty whether she shall see a sweet girl face or a brave boy face beside her on the pillow, adds zest to her expectancy. Then, if ever, she should take care of her physical, mental and moral health.

MOTHER'S FRIEND applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complexioned, pure blooded, calm nerved and cheerful in disposition, who are mutually influenced for months by the continued use of Mother's Friend.

MORE CLAIMS.

THE KENNOIS WILL IN ALL PROBABILITY BE SOLD.

If the good people of Metropolis want a ferryboat now, they will have to come to Paducah and buy it. The Kennois, which was started in the Jopka and Metropolis trade a short time ago, was brought to the city yesterday afternoon and tied up by order of the federal court, and will be sold to satisfy claims against her.

William Chesterfield of Paducah, formerly at the head of the canning factory here, organized a company there for the purpose of building a ferryboat, and it was built.

The creditors, it seems, were waiting with their claims, but the other day Walter Gross, an employe, had an arm broken while at work on the boat, and brought suit against the owners for \$500 damages, attaching the steamer.

Deputy Marshal Saunders went down to Metropolis and tied up the boat, and he was brought here, and now other claims will probably come in. Last evening the Jackson foundry and Machine company filed a lien for \$900, and the St. Bernard Coal company for \$30, which with the claim of Gross amount to \$1,430.

It is understood that Chesterfield sold his interest several days ago.

MARSHAL CROW NOTIFIED OF THE DEATH OF CHARLES BROWNING.

Marshal Crow this afternoon received the following telegram:

Geneva, Ill., April 5.

This morning Charles Browning was found dead on the railroad track near here. His father lives at Paducah. Notify him, advise disposition of remains. Signed,

Geneva is up northwest of Chicago, in Kane county, and Marshal Crow has been unable to find anyone who knew the deceased or can direct him to relatives.
